Subject: Promotion report, Dr. Taha Abdo Ali Najy

Dear **Professor Abdel Ghani Hameed Ahmed**,

I am writing to provide my evaluation and recommendation regarding the promotion of Dr. **Taha Abdo Ali Najy** to the position of Associate Professor in the College of Medicine and Health Sciences at the University of Science and Technology. As a referee for this promotion, I have thoroughly reviewed the three published papers submitted by Dr. **Taha Abdo Ali Najy**, and I am pleased to report that they meet the criteria for promotion.

1. **Originality and Importance**: Each of Dr. Taha's research topics demonstrate originality and contribute significantly to the field of Food Sciences. His work adds valuable insights that enhance our understanding of critical issues in human nutrition.
2. **Relevance**: The titles of the papers are closely aligned with their content, ensuring that the research presented is both relevant and impactful.
3. **Research Problem and Objectives**: Dr. Taha has effectively crystallized and formulated his research problems, objectives, and hypotheses, showcasing a clear understanding of the issues at hand.
4. **Scientific Methodology**: The research employs robust scientific methodologies, which are essential for the validity of the findings.
5. **Analysis and Discussion**: The methods of analysis used in the papers are thorough, and the depth of discussion reflects a high level of critical thinking and engagement with the subject matter.
6. **Presentation and Organization**: Dr. Taha's ideas are well-formulated, and his presentation style is sound and organized, making the research accessible and comprehensible.

7. **Scientific Value**: The results of the research hold significant scientific value and align well with the stated research objectives and hypotheses.

8. **Documentation**: The references and sources cited in the papers are well-documented, current, and relevant, further supporting the credibility of the researches.

Based on my assessment of Dr. Taha's work and his contributions to the field, **I strongly recommend his promotion to Associate Professor**. His research meets the criteria set forth for this advancement, and I believe he will continue to make significant contributions to the academic community.

Thank you for considering my recommendation. Please feel free to contact me if you require any further information or clarification.

Sincerely,

Professor Osama Awad Salih Ahmed
